| Application No. 09/175,589 | : | OF ACTION UNDER |

| For: ELECTRONIC RECORD MANAGEMENT | | |

This letter is responsive to the petition for a second suspension of action under 37 CFR 1.103(a) received on October 17, 2006.

The petition for suspension of action under 37 CFR 1.103(a) is **DENIED**.

A grantable petition for suspension of action under 37 CFR 1.103(a) requires:

- 1) A showing of good and sufficient cause for suspension of action, and
- 2) The fee set forth in 37 CFR 1.17(g), unless such cause is the fault of the Office.

Applicant filed a request on November 22, 2005 to suspend prosecution. A decision by the examiner of record granting a 3 month suspension was mailed July 17, 2006. In the latest petition filed October 17, 2006, the applicant requests a further 3 month suspension under 37 CFR 1.103(a), in order to "permit Applicant and her current representative to accurately determine the status of the Application and develop a strategy going forward, including ascertaining the current status of the claims and to make any appropriate amendment".

The earlier issues surrounding applicant's representation have now apparently been resolved. Because an Office action has just recently been mailed on November 20, 2006, the status of the application should now be clear to the applicant, and the Shortened Statutory Period given for response to the action will afford applicant sufficient time to develop a strategy and make an appropriate amendment. In view of the above facts, the petition for a second suspension of action is **DENIED**.

Any questions surrounding this decision should be directed to Quality Assurance Specialist Steven Meyers at (571) 272-6611.
